I use my position as a Cloistered Scholar to secretly funnel restricted knowledge and supplies to an underground shrine.

Appearance
Gwilym stands 6 feet 1 inch tall with the naturally lanky build of a student who skips meals to study. He has fair skin, raven black hair, and steel gray eyes. His hair is usually a mess from constantly running his hands through it in moments of caffeinated stress. He wears the respectable, standard-issue academic robes of an establishment apprentice, but uses them strictly as camouflage. Hidden beneath his robes are a taped-together spellbook and a pouch of gritty spell components.

Backstory
Born in the harsh northern town of Hjemmen, Gwilym began life as a street urchin. He survived the dangerous alleys alongside a found family, protected by an older mentor. The streets were under constant threat from the Triumvirate's Inquisitors, who regularly swept the town to round up children for state institutions. Many of Gwilym's friends simply disappeared during these purges.

Eventually, Gwilym was caught in a brutal sweep led by the fanatical Bishop Greggan. He might have escaped, but at that exact moment, a strange rush of magic surged through his mind. This was a scrying spell cast by Master Drev, an irascible Half-Orc Abjuration Wizard searching for a new apprentice. The distraction caused Gwilym to stumble and be captured. Recognizing the boy's latent magical aptitude, Drev pulled rank to claim Gwilym as his apprentice before the state could institutionalize him as a cleric.

Thrust into Drev's isolated tower north of Daggatt, Gwilym was forced to adapt to the life of a Cloistered Scholar. Drev treats him poorly, constantly comparing him to a beloved former apprentice who died under suspicious circumstances. Gwilym happily leans into the assumption that he is nothing more than a compliant, by-the-book stooge.

In reality, Gwilym's time in Drev's restricted library has radicalized him. Knowing there is no grand rebellion to join in this totalitarian state, he has developed a deeply hidden anarchist philosophy. He uses his excursions to nearby towns to watch for the secret symbols of hidden worshippers. Operating entirely in the shadows, Gwilym acts as a solitary protest medic. He warns people of Inquisitor sweeps, forges safe-passage documents, and uses his abjuration magic to protect the marginalized people he was forced to leave behind.

He is accompanied by Brick, an ancient, grumpy fey spirit taking the form of a scruffy Great Horned Owl, who supports Gwilym's dangerous double life entirely through exhausted compliance and heavy sighs.

----------Other Traits----------
Abjuration Savant . Beginning when you select this school at 2nd level, the gold and time you must spend to copy an abjuration spell into your spellbook is halved.

Arcane Recovery. When you finish a short rest, regain spell slots totalling no more than 1, and each must be 5th level or lower. (use once/day).

Arcane Ward. Starting at 2nd level, you can weave magic around yourself for protection. When you cast an abjuration spell of 1st level or higher, you can simultaneously use a strand of the spell's magic to create a magical ward on yourself that lasts until you finish a long rest. The ward has hit points equal to twice your wizard level + your Intelligence modifier. Whenever you take damage, the ward takes the damage instead. If this damage reduces the ward to 0 hit points, you take any remaining damage.

While the ward has 0 hit points, it can't absorb damage, but its magic remains. Whenever you cast an abjuration spell of 1st level or higher, the ward regains a number of hit points equal to twice the level of the spell. Once you create the ward, you can't create it again until you finish a long rest.

Library Access. Though others must often endure extensive interviews and significant fees to gain access to even the most common archives in your library, you have free and easy access to the majority of the library, though it might also have repositories of lore that are too valuable, magical, or secret to permit anyone immediate access. You have a working knowledge of your cloister's personnel and bureaucracy, and you know how to navigate those connections with some ease. Additionally, you are likely to gain preferential treatment at other libraries across the Realms, as professional courtesy shown to a fellow scholar.

Resilient. Choose one ability score. You gain the following benefits:

Increase the chosen ability score by 1, to a maximum of 20.

You gain proficiency in saving throws using the chosen ability.

Skill Proficiencies. Choose one proficiency from among Arcana, Nature, and Religion. Enter this manually.

## Mage Hand

*Wizard Cantrip Conjuration DC 13 Spell Mod +5*

**1 Act.** | **30 ft** | **V,S** | **1 min**

A spectral, floating hand appears at a point you choose within range. The hand lasts for the duration or until you dismiss it as an action. The hand vanishes if it is ever more than 30 feet away from you or if you cast this spell again. You can use your action to control the hand. You can use the hand to manipulate an object, open an unlocked door or container, stow or retrieve an item from an open container, or pour the contents out of a vial. You can move the hand up to 30 feet each time you use it. The hand can't attack, activate magic items, or carry more than 10 pounds.

## Message

*Wizard Cantrip Transmutation DC 13 Spell Mod +5*

**1 Act.** | **120 ft** | **V,S,M** | **1 Rnd**

*A short piece of copper wire*

You point your finger toward a creature within range and whisper a message. The target (and only the target) hears the message and can reply in a whisper that only you can hear. You can cast this spell through solid objects if you are familiar with the target and know it is beyond the barrier. Magical silence, 1 foot of stone, 1 inch of common metal, a thin sheet of lead, or 3 feet of wood blocks the spell. The spell doesn't have to follow a straight line and can travel freely around corners or through openings.

## Ray of Frost

*Wizard Cantrip Evocation DC 13 Spell Mod +5*

**1 Act.** | **60 ft** | **V,S** | **Inst**

A frigid beam of blue-white light streaks toward a creature within range. Make a ranged spell attack against the target. On a hit, it takes 1d8 cold damage, and its speed is reduced by 10 feet until the start of your next turn. The spell's damage increases by 1d8 when you reach 5th level (2d8), 11th level (3d8), and 17th level (4d8).

## Alarm *(ritual)*

*Wizard Level 1 Abjuration DC 13 Spell Mod +5*

**1 min** | **30 ft** | **V,S,M** | **8 hrs**

*A tiny bell and a piece of fine silver wire*

You set an alarm against unwanted intrusion. Choose a door, a window, or an area within range that is no larger than a 20-foot cube. Until the spell ends, an alarm alerts you whenever a Tiny or larger creature touches or enters the warded area. When you cast the spell, you can designate creatures that won't set off the alarm. You also choose whether the alarm is mental or audible. A mental alarm alerts you with a ping in your mind if you are within 1 mile of the warded area. This ping awakens you if you are sleeping. An audible alarm produces the sound of a hand bell for 10 seconds within 60 feet.

## Detect Magic *(ritual)*

*Wizard Level 1 Divination DC 13 Spell Mod +5*

**1 Act.** | **Self** | **V,S** | **Conc, 10 mins**

For the duration, you sense the presence of magic within 30 feet of you. If you sense magic in this way, you can use your action to see a faint aura around any visible creature or object in the area that bears magic, and you learn its school of magic, if any. The spell can penetrate most barriers, but it is blocked by 1 foot of stone, 1 inch of common metal, a thin sheet of lead, or 3 feet of wood or dirt.

## Find Familiar *(ritual)*

*Wizard Level 1 Conjuration DC 13 Spell Mod +5*

**1 hr** | **10 ft** | **V,S,M** | **Inst**

*Charcoal, herbs, and incense (10 gp worth) consumed in a fire in a brass brazier.*

You gain the service of a familiar, a spirit that takes an animal form you choose: bat, cat, crab, frog (toad), hawk, lizard, octopus, owl, poisonous snake, fish (quipper), rat, raven, sea horse, spider, or weasel. Appearing in an unoccupied space within range, the familiar has the statistics of the chosen form, though it is a celestial, fey, or fiend (your choice) instead of a beast. Your familiar acts independently of you, but it always obeys your commands. In combat, it rolls its own initiative and acts on its own turn. A familiar can't attack, but it can take other actions as normal. When the familiar drops to 0 hit points, it disappears, leaving behind no physical form. It reappears after you case this spell again. When your familiar is within 100 feet of you, you can communicate with it telepathically. Additionally, as an action, you can see though

## Identify *(ritual)*

*Wizard Level 1 Divination DC 13 Spell Mod +5*

**1 min** | **Touch** | **V,S,M** | **Inst**

*A pearl worth at least 100 gp and an owl feather*

You choose one object that you must touch throughout the casting of the spell. If it is a magic item or some other magic-imbued object, you learn its properties and how to use them, whether it requires attunement to use, and how many charges it has, if any. You learn whether any spells are affecting the item and what they are. If the item was created by a spell, you learn which spell created it. If you instead touch a creature throughout the casting, you learn what spells, if any, are currently affecting it.

## Mage Armor

*Wizard Level 1 Abjuration DC 13 Spell Mod +5*

**1 Act.** | **Touch** | **V,S,M** | **8 hrs**

*A piece of cured leather*

You touch a willing creature who isn't wearing armor, and a protective magical force surrounds it until the spell ends. The target's base AC becomes 13 + its Dexterity modifier. The spell ends if the target dons armor or if you dismiss the spell as an action.

## Magic Missile

*Wizard Level 1 Evocation DC 13 Spell Mod +5*

**1 Act.** | **120 ft** | **V,S** | **Inst**

You create three glowing darts of magical force. Each dart hits a creature of your choice that you can see within range. A dart deals 1d4 + 1 force damage to its target. The darts all strike simultaneously, and you can direct them to hit one creature or several. At Higher Levels. When you cast this spell using a spell slot of 2nd level or higher, the spell creates one more dart for each slot level above 1st.

**Find Familiar** *(reverse)*

your familiar's eyes and hear what it hears until the start of your next turn, gaining the benefits of any special senses that the familiar has. During this time you are deaf and blind with regard to your own senses. As an action, you can temporarily dismiss your familiar. It disappears into a pocket dimension where it awaits your summon. Alternatively, you can dismiss it forever. As an action while it is temporarily dismissed, you can cause it to reappear in an unoccupied space within 30 feet of you. You can't have more than one familiar at a time. If you case this spell while you already have a familiar, you instead cause it to adopt a new form. Choose one of the forms from the above list. Your familiar transforms into the chosen creature.
Finally, when you cast a spell with a range of touch, your familiar can deliver the spell as if it has cast the spell. Your familiar must be within 100 feet of you, and it must use its reaction to deliver the spell when you cast it. If the spell requires an attack roll, you use your attack modifier for the roll.

## Shield

*Wizard Level 1 Abjuration DC 13 Spell Mod +5*

**1 reAct.** **Self** **V,S** **1 Rnd**

An invisible barrier of magical force appears and protects you. Until the start of your next turn, you have a +5 bonus to AC, including against the triggering attack, and you take no damage from magic missile.

## Sleep

*Wizard Level 1 Enchantment DC 13 Spell Mod +5*

**1 Act.** **90 ft** **V,S,M** **1 min**

*A pinch of fine sand, rose petals, or a cricket*

This spell sends creatures into a magical slumber. Roll 5d8; the total is how many hit points of creatures this spell can affect. Creatures within 20 feet of a point you choose within range are affected in ascending order of their current hit points (ignoring unconscious creatures). Starting with the creature that has the lowest current hit points, each creature affected by this spell falls unconscious until the spell ends, the sleeper takes damage, or someone uses an action to shake or slap the sleeper awake. Subtract each creature's hit points from the total before moving on to the creature with the next lowest hit points. A creature's hit points must be equal to or less than the remaining total for that creature to be affected. Undead and creatures immune to being charmed aren't affected by this spell. At Higher Levels. When you cast this spell using

**Sleep** *(reverse)*
spell slot of 2nd level or higher, roll an additional 2d8 for each slot level above 1st.
