CHARACTER BACKSTORY

-----Bonus Actions-----

Second Wind. Regain 1d10 +3 HPs (use once/rest).

-----Actions-----

Action Surge. Take an extra action (use once/rest).

-----Other Traits-----

Cartographer's tools. You are proficient with Cartographer's tools.

Combat Superiority. When you choose this archetype at 3rd level, you learn maneuvers that are fueled by special dice called superiority dice.

Maneuvers. You learn three maneuvers of your choice, which are detailed under "Maneuvers" on page 74 of the PHB. Many maneuvers enhance an attack in some way. You can use only one maneuver per attack.

You learn two additional maneuvers of your choice at 7th, 10th, and 15th level. Each time you learn new maneuvers, you can also replace one maneuver you know with a different one.

Superiority Dice. You have four superiority dice, which are d8s. A superiority die is expended when you use it. You regain all of your expended superiority dice when you finish a short or long rest.

You gain another superiority die at 7th level and one more at 15th level.

Saving Throws. Some of your maneuvers require your target to make a saving throw to resist the maneuver's effects. The saving throw DC is calculated as follows: Maneuver save DC = 8 + your proficiency bonus + your Strength or Dexterity modifier (your choice).

Commander's Strike. When you take the Attack action on your turn, you can forgo one of your attacks and use a bonus action to direct one of your companions to strike. When you do so, choose a friendly creature who can see or hear you and expend one superiority die. That creature can immediately use its reaction to make one weapon attack, adding the superiority die to the attack's damage roll.

Defense Fighting Style. While you are wearing armor, you gain a +1 bonus to AC.

Goad Attack. When you hit a creature with a weapon attack, you can expend one superiority die to attempt to goad the target into attacking you. You add the superiority die to the attack's damage roll, and the target must make a Wisdom saving throw. On a failed save, the target has disadvantage on all attack rolls against targets other than you until the end of your next turn.

Skilled. You gain proficiency in any combination of three skills or tools of your choice.

Student of War. At 3rd level, you gain proficiency with one type of artisan's tools of your choice.

Sweeping Attack. When you hit a creature with a melee weapon attack, you can expend one superiority die to attempt to damage another creature with the same attack. Choose another creature within 5 feet of the original target and within your reach. If the original attack roll would hit the second creature, it takes damage equal to the number you roll on your superiority die. The damage is of the same type dealt by the original attack.
