ATTACKS & SPELLCASTING

I read everything I can get my hands on, especially if someone tells me I'm not allowed to.

I talk extremely fast when I'm nervous.
PERSONALITY TRAITS

Community. The state church only protects its own; it's up to us to protect the people they push to the shadows.

IDEALS

I use my position as a Cloistered Scholar to secretly funnel restricted knowledge and supplies to an underground shrine.

BONDS

I despise authority figures so much that I will actively disobey them even when it puts me at a tactical disadvantage.

CHARACTER BACKSTORY

Appearance

Gwilym stands 6 feet 1 inch tall with the naturally lanky build of a student who skips meals to study. He has fair skin, raven black hair, and steel gray eyes. His hair is usually a mess from constantly running his hands through it in moments of caffeinated stress. He wears the respectable, standard-issue academic robes of an establishment apprentice, but uses them strictly as camouflage. Hidden beneath his robes are a taped-together spellbook and a pouch of gritty spell components.

Backstory

Born in the harsh northern town of Hjemmen, Gwilym began life as a street urchin. He survived the dangerous alleys alongside a found family, protected by an older mentor. The streets were under constant threat from the Triumvirate's Inquisitors, who regularly swept the town to round up children for state institutions. Many of Gwilym's friends simply disappeared during these purges.

Eventually, Gwilym was caught in a brutal sweep led by the fanatical Bishop Greggman. He might have escaped, but at that exact moment, a strange rush of magic surged through his mind. This was a scrying spell cast by Master Drev, an irascible Half-Orc Abjuration Wizard searching for a new apprentice. The distraction caused Gwilym to stumble and be captured. Recognizing the boy's latent magical aptitude, Drev pulled rank to claim Gwilym as his apprentice before the state could institutionalize him as a cleric.

Thrust into Drev's isolated tower north of Daggatt, Gwilym was forced to adapt to the life of a Cloistered Scholar. Drev treats him poorly, constantly comparing him to a beloved former apprentice who died under suspicious circumstances. Gwilym happily leans into the assumption that he is nothing more than a compliant, by-the-book stooge.

In reality, Gwilym's time in Drev's restricted library has radicalized him. Knowing there is no grand rebellion to join in this totalitarian state, he has developed a deeply hidden anarchist philosophy. He uses his excursions to nearby towns to watch for the secret symbols of hidden worshippers. Operating entirely in the shadows, Gwilym acts as a solitary protest medic. He warns people of Inquisitor sweeps, forges safe-passage documents, and uses his abjuration magic to protect the marginalized people he was forced to leave behind.

He is accompanied by Brick, an ancient, grumpy fey spirit taking the form of a scruffy Great Horned Owl, who supports Gwilym's dangerous double life entirely through exhausted compliance and heavy sighs.

-----Other Traits-----

Arcane Recovery. When you finish a short rest, regain spell slots totalling no more than 1, and each must be 5th level or lower. (use once/day).

Library Access. Though others must often endure extensive interviews and significant fees to gain access to even the most common archives in your library, you have free and easy access to the majority of the library, though it might also have repositories of lore that are too valuable, magical, or secret to permit anyone immediate access. You have a working knowledge of your cloister's personnel and bureaucracy, and you know how to navigate those connections with some ease. Additionally, you are likely to gain preferential treatment at other libraries across the Realms, as professional courtesy shown to a fellow scholar.

Resilient. Choose one ability score. You gain the following benefits:

Increase the chosen ability score by 1, to a maximum of 20.

You gain proficiency in saving throws using the chosen ability.

Skill Proficiencies. Choose one proficiency from among Arcana, Nature, and Religion. Enter this manually.

	Find Familiar <i>(reverse)</i> your familiar's eyes and hear what it hears until the start of your next turn, gaining the benefits of any special senses that the familiar has. During this time you are deaf and blind with regard to your own senses. As an action, you can temporarily dismiss your familiar. It disappears into a pocket dimension where it awaits your summon. Alternatively, you can dismiss it forever. As an action while it is temporarily dismissed, you can cause it to reappear in an unoccupied space within 30 feet of you. You can't have more than one familiar at a time. If you cast this spell while you already have a familiar, you instead cause it to adopt a new form. Choose one of the forms from the above list. Your familiar transforms into the chosen creature. Finally, when you cast a spell with a range of touch, your familiar can deliver the spell as if it has cast the spell. Your familiar must be within 100 feet of you, and it must use its reaction to deliver the spell when you cast it. If the spell requires an attack roll, you use your attack modifier for the roll.	
Sleep <i>(reverse)</i> spell slot of 2nd level or higher, roll an additional 2d8 for each slot level above 1st.
